

March 2021

I remember my first encounter with street children in India. It was shocking to see young children abandoned by their parents at a train or bus station only to wake up realizing their parents left them the night before. These children would eat food found on the vegetable market floors or in dumpster, just to get something in their bellies. Wearing clothing torn and frayed they would sleep under the awning of storefronts, or on the ground at a train or bus station.

They live in constant danger that someone will whisk them away, force them into the sex trade, or even worst, kill them and sell their organs to evil men working in the black market. The circumstances I describe are the reality of all street children in India. To this day, I have not gotten over what I have seen, nor do I think I should; God allowed me to see this and has placed it upon my heart to do something that would make a difference.

As a supporter, you have helped young boys and girls escape a brutal reality and have rescued them from an early death, your sacrifice is noble and life giving. As I read the Psalms, it is easy for me to see that you reflect the heart of God who is: "close to the brokenhearted and saves those who are crushed in spirit (Ps. 34:18)".

In the last few months, we have made great strides in rescuing children in need (64 total), but we are a considerable distance from our goal of 200 children. Therefore I am asking you to join me in praying for the remaining sponsors needed.

- Will you take on a 30 day challenge to pray about this need and beseech God to fulfill our request?
- Will you share with the people in your sphere of influence, ask them to help you make a difference?

As little as \$80, \$60, \$40, or even \$20 a month will help save a child's life.

When they say yes, reach out to me, and I will send you or them a sponsorship packet. If your friends would like to speak with me in person, I will be present at Grace Point Church in Bremerton on March 6th and the Neighborhood Church as well as the Branch Church in Orange County, California, on March 21st.

Let us commit ourselves to prayer and boldly walk through every door of opportunity the LORD opens. Together we will make a difference.

House of Hope policy is to ensure that children benefit 100% from funds raised for them. However, we also need to raise our personal funds (a.k.a. missionary support). I would ask that you prayerfully remember us in your giving so we can continue the work the Lord has set before us.

Please cut and return bottom portion along with your donation.

Please make checks payable to **House of Hope**
