

June 2021

## Halfway

In December 2020, I took the challenge to help 200 kids in desperate need of daily help. I had no idea how challenging this task would be for both my ministry partners and me. I could not make any promises to my counterparts outside of giving them my best effort. Since then, I have felt like my best efforts were equivalent to a small dog paddling in a large pool. I am happy to report that my dog paddling efforts have now taken me halfway across the pool, and the edge of that pool is now in sight. We have reached a total of 100 sponsored children, and we only have 100 more children who still need a sponsor. Your prayers, financial sacrifice, and efforts have gotten us this far, and I want to ask you to continue in prayer with me, knowing that this work of caring for needed children is close to the heart of God. Pray that God would give me many doors of opportunity to share with others in churches, homes, and individuals alike. Pray with me that every kid will have a sponsor by Dec 2021.

Together we will make a difference.

House of Hope policy is to ensure that children benefit 100% from funds raised for them. However, we also need to raise our personal funds (a.k.a. missionary support). I would ask that you prayerfully remember us in your giving so we can continue the work the Lord has set before us.

Please cut and return bottom portion along with your donation.
